As Expected

It was an expectant party that boarded the A. P. A. tug, Chilkat, last Saturday evening, bound for the hard-times dancing party given at the cannery. Many rumors of the extensive preparations had come to Wrangell and it was an eager cheering party that got off the tug as she landed at the cannery wharf. The merry-makers were met at the wharf by Supt. Schott, Capt. Peterson and many of the employes of the plant and they were received at the ballroom by Mrs. Schott and daughter.

The ballroom was beautifully decorated with flags from the Star of Greenland, evergreens, Oriental lanterns and electric lights. Music for the dance was furnished by the Filipino Orchestra, made up of employes of the cannery.

Many and varied were the representations of poverty. Overalls and calicos in all stages of preservation and destruction were the favorites. The prizes of five dollars and a fine pair of hunting boots were awarded to Mrs. Arthur Leonard and ye editor, as being

the most needy looking of the poverty-stricken crew.

At about midnight, all were invited to lunch in the cannery mess room, where coffee, sandwiches and cake were served. Then after a few more dances the company went aboard the Chilkat and were brought back to Wrangell, after spending one of the most enjoyable evenings ever experienced. All who attended were unanimous in voting the A. P. A. cannery people full membership in the Order of Royal Entertainers.

Sunday evening at 8:15 the Pacific Coast Steamship Company's S. S. Ramona struck a reef near Spanish Islands and sunk within fifteen minutes. All the passengers were safely put aboard the life boats and they floated around all night. The fish boat, Grant, picked them up next morning and with its wireless brought the Delhi and Northwestern to the scene. The passengers were taken to Seattle on the Northwestern, while the Delhi stood by the wrecked boat.

The Ramona left Juneau Saturday southbound and after loading fish at Faunter bay, cleared for Wrangell. The news of the wreck reached Wrangell early Tuesday morning.

The Ramona went down with 6,000 cases of canned salmon aboard and \$165,000.00 in gold bullion. Only her masts and funnels are above surface at low water. She was in charge of Capt. Duffe. This was his second trip as master of a passenger carrying vessel.

The Ramona is the fourth Pacific Coast ship to go down within a year and the third within four months. All except the Spokane are total wrecks.

wide. The proposition of opening up this street has been a live subject for some time but its extreme narrowness has been a drawback. However, by arrangement with W. D. Grant and J. G. Grant, the width has been made eighteen feet and bids are called for for the building of a sidewalk.

This street is a much-traveled thoroughfare for people living back on the hill and everyone is pleased with this move of the Council.

NOTICE

Any person having claims against the property of Frank Dandy will please present them for settlement now as I will be in town for a short time.

Work On Building

The work of leveling the lots recently purchased by W. D. Grant, has been started. Several thousand yards of earth must be moved before the lots are on street level. The dirt is being put on the back of the City's lot, which is low, and over city water pipes leading from the Front St. mains. N. L. Moen took the contract for moving the dirt and as soon as the lots are in shape, work will begin on the building.

Surprise Party

A number of Wrangell young people were present at a surprise party at the Wm. Lewis home Wednesday evening in honor of Miss Lena Fletcher's birthday.

The evening was spent in playing games and at a late hour supper was served after which the guests departed wishing Miss Fletcher many happy returns of the day.

Just as we were about to go to press, news was received that at about 1 o'clock this morning, during the heavy gale that struck the coast last evening, the warehouse of the cannery at Ketchikan collapsed letting 40,000 cases of salmon into the bay. It is believed that much of the fish will be recovered.

Street Widened

At the regular meeting of the City Council last Thursday evening, it was decided to open up and build a sidewalk on the narrow street known as Patenaude St. The street is to be eighteen feet

All Wrangellites are heroes (or martyrs). They, each and every one, take their life into their hands as they walk north from Matheson's over or through the sidewalk (?) through the government reserve. Coming down the hill toward town is a thrilling experience. Try it. Imagine you are going over a young Niagra. The walk will do the rest, but look out or it will do you.

School Notes

Anna Lewis, Correspondent

School work is progressing so well that we can scarcely believe that we have had a vacation of three months.

The work done by the seventh grade the past week is specially to be commended. This is a wide-awake class.

The beginner's class is doing good work in Phonics and will soon advance to the dignity of the primer class.

On Thursday last our peaceful domain was invaded by three gentlemen, whose unexpected arrival created some surprise. We are so unaccustomed to receiving callers that the sudden appearance of Messrs McCormack, Wheeler and Matheson caused a temporary paralysis of tongues and "each separate hair to stand on end like quills upon a fretful porcupine." If such invasions were of more frequent occurrence we might, in time, overcome our timidity.

Mrs. Gibson, teacher of the native school at Loring, was a caller Wednesday.

Judge Thomas accompanied by F. J. Wettrick, of Juneau, spent one morning with us. Mr. Wettrick is a member of the Board of Education, at Juneau, and consequently is interested in school work. He informs us that the Principal of the Juneau High School, assisted by other educators, is preparing a course of study for the use of the Juneau schools. Mr. Wettrick has interested himself in a movement for legislation tending toward some general supervision of Alaska Schools and a uniform course of study for the schools of the District. We shall be very glad to receive a copy of the course of study. This is a move in the right direction.

Leona, Edna and Ruth Lindeman returned from Klawock and are enrolled in school.

There are yet pupils who should be in attendance at school that have not yet entered this year. If parents realized what one week's absence means to the child and to the class in which that pupil is enrolled we know that the pupils would be entered at the beginning of the term and that regular attendance would be the rule in place of the exception.

Jefferson Disabled

The Alaska Steamship Company's boat, Jefferson, went south Sunday under a slow bell, having cracked her tail shaft. She called at Shaskan Saturday and took P. J. Gorman and family, Supt. of the Shaskan Cannery, to Seattle.

The Iron Cross.

The Iron Cross, an order of knighthood, was established by Frederick William III. of Prussia in March, 1813. The order was founded in order to honor patriotic bravery in the war against France. It was revived by Emperor William I. during the Franco-Prussian war and awarded by him to his son for his great victory at Wissembourg on Aug. 4, 1870. Later on the order was bestowed most generously, some 40,000 persons being decorated between 1870 and 1872.

Expert Advice.

The prison turnkey found the two cellmates deeply engrossed. One pored over the market reports of a newspaper and figured on the margin with a pencil. His cellmate sat expectant. "Bill," said the mathematician at last, "you could make \$34 a night stealin' hogs in Iowa."—Success Magazine.

Kept Him Guessing.

"The course of true love never does run smooth."
"Well, it's a good thing. When a young man finds things running too smoothly he is apt to get bored and wander away."—Kansas City Journal.

A Poor Recommendation.

"He means well," she said.
"Say no more," he replied. "I know now exactly what sort of a fool he is."—Detroit Free Press.
